

## National Thrift Week Tuesday, January 18 Budget Day

A budget doesn't make living any cheaper. It merely shows you where your money goes—how best to apportion it. Food is the most important item in the household budget. Thrift doesn't mean buying cheaper food or less of it. It means buying wisely, then no waste, no spoilage from lack of care. This means as a regular item on your budget—ice.

Knickerbocker Ice is Thrift Ice. It's clean, you don't have to wash part of it away. It's delivered with such uniform regularity, your refrigerator stays at an almost even temperature. Put Knickerbocker on your household budget today at 60¢ the full hundred pounds.

## WILSON HEADS 119 CHRISTIANS TAKING UP CAUSE OF JEWS

Taft and Cardinal O'Connell  
on List as Opposing Anti-  
Semitic Propaganda.

HARDING IN SYMPATHY

John Spargo Makes Public  
Protest Against Insidious  
Un-American Agitation.

MANY EDUCATORS SIGN

'Loyalty and Patriotism of Cit-  
izens of Jewish Faith.'  
Is Keynote.

BENNINGTON, Vt., Jan. 16.—A protest against anti-Semitic propaganda in the United States, bearing the names of President Wilson, William H. Taft, Cardinal O'Connell and 116 other widely known men and women of Christian faith, was made public here to-night by John Spargo, Socialist author. It exhorts particularly those who are "moulders of public opinion—the clergy and ministers of all Christian churches, publicists, teachers, editors and statesmen—to strike at this un-American and un-Christian agitation."

"We regret exceedingly," the protest said, "the publication of a number of books, pamphlets and newspaper articles designed to foster distrust and suspicion of our fellow citizens of Jewish ancestry and faith—distrust and suspicion of their loyalty and their patriotism."

A new and dangerous spirit, it asserted, is being introduced into the national political life by these publications challenging and menacing American citizenship and American democracy. Men and women of Jewish faith, it declared, should not be required alone to "fight this evil, but that it is in a very special sense the duty of citizens who are not Jews by ancestry and faith."

Wilson in Hearty Sympathy.

To Mr. Spargo's request for his approval of the protest, President Wilson wrote:

"I have your letter of December 22 and I am heartily in sympathy with the protest against the anti-Semitic movement. I beg that you will add my name to the signatures."

President-elect Harding, in a letter made public by Mr. Spargo, declared his disapproval of anti-Semitism, but expressed a desire to avoid creating a precedent by signing the protest. He wrote:

"I am sure you can understand why, at the present time, I am seeking the avoidance of undue publicity and reluctant to make public statements relating to any of our pending problems. I am no less sure that you already know, and that the American people already believe, that I am giving no sanction to anything so narrow, so intolerant or so un-American as the Anti-Semitic movement. I have been preaching the gospel of understanding and good will and no one who believes in these things and hopes for the concord of America can be interested in any movement aimed against any portion of our American citizenship."

"We protest against this organized campaign of prejudice and hatred," the signers declared, "not only because of its manifest injustice to those against whom it is directed, but also and especially because we are convinced that it is wholly incompatible with loyal and intelligent American citizenship."

"The loyalty and patriotism of our fellow citizens of the Jewish faith," it added, "is equal to that of any part of our people, and requires no defence at our hands."

Colby Cables Approval.

Secretary of State Colby sent his approval by cable from South America. Others who signed were Secretary of War Baker, Secretary of Agriculture Meredith, former Secretaries of State Bryan and Lansing, former Secretary of War Lindley M. Garrison, former Secretary of the Interior Franklin K. Lane and former Attorney General George W. Wickersham.

Several college presidents are on the list, including Nicholas Murray Butler of Columbia University, John Grier Hibben of Princeton University, W. H. P. Frazier of Brown University, H. A. Garfield of Williams College, Ernest Martin Hopkins of Dartmouth College, Henry Churchill King of Oberlin College, James E. Day, Chancellor of Syracuse University, and Thomas J. Shahan, rector of the Catholic University of America.

Among the churchmen in the list are Robert E. Speer, president of the Federal Council of the Churches of Christ in America; Bishop Charles David Williams of Michigan, Bishop Benjamin Brewster of Maine, Bishop Chauncey B. Brewster of Connecticut, Archbishop Patrick J. Hayes of New York, Dean W. P. Ladd of the Berkley Divinity School and Bishop D. J. O'Connell of Richmond.

EMERGENCY TARIFF

FIGHT STARTS TO-DAY

Fordney Bill Has Many Foes  
in the Senate.

WASHINGTON, Jan. 16.—Presentation of the Fordney Emergency Tariff bill to the Senate to-morrow by the Finance Committee will formally launch what promises to be a long and determined fight. Hours of discussion and an avalanche of amendments await the measure and the outcome is admitted to be doubtful.

While the Senate is preparing for consideration of the emergency measure, expected to begin late in the week, the House Ways and Means Committee will continue its hearings on permanent tariff revision.

Other important affairs awaiting action by the Senate are motions to reconsider passage of the Poindexter anti-strike bill, and the resolution to stop recruiting until the army is reduced to 135,000 men. The latter resolution is expected to go to the House despite Senate opposition.

\$500,000 FIRE IN CLEVELAND.  
CLEVELAND, Jan. 16.—Fire late today destroyed the four-story brick building on the corner of West Sixth street and Frankfort avenue, occupied by several clothing manufacturers, with a loss overall of \$500,000.

## WILSON MAY TAKE PART IN INAUGURATION EXERCISES

Strength Permits Him to Hear Harding Take Oath and  
to Ride With Him to White House at  
Close of Ceremonial.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau,  
Washington, D. C., Jan. 16.

Rear Admiral Cary T. Grayson, White House physician, said to-night he believed President Wilson is sufficiently well to participate in the inauguration ceremonies on March 4. He will present no objections such as he did when Congress opened to the appearance of the President at the Capitol. Unless there is a last minute shift in the programme, it will be Mr. Wilson's first visit to Congress in a year and a half, since his illness began.

Mr. Wilson is anxious to participate

in the inaugural ceremonies, going to the Capitol to hear the oath of office administered to Senator Harding and to ride with him to the White House. This has been a custom for retiring Presidents for many years and Mr. Wilson has no desire to abandon it. William H. Taft did the same thing when Mr. Wilson became President.

There is a question of course of whether Mr. Wilson will be on the Capitol steps with Mr. Harding when the oath is given, but he will at least, unless something occurs, be in the Capitol, ready to accompany him to the White House.

DUELLING IN MEXICO IS

MOST HARMLESS SPORT

It Rarely Reaches Beyond  
Stage of Talk.

MEXICO CITY, Jan. 16.—Duelling as practised in Mexico is the most harmless of outdoor sports. Although hardly a week passes but some person whose pride has been hurt challenges the offender to "pistols at twenty paces in the Bosque of Chapultepec," few reach beyond the stage of talk and none even ventures close to reality.

A Deputy from one Mexican State rises in the Chamber and bitterly assails a member from another State for his attitude on certain public measures. The other replies with equal vituperation. Before the day is done the chances are a challenge will be carried to one or the other by two seconds, who later describe their efforts in a verbose report to all the newspapers.

Once in a while the challenge will be accepted, and then there is a scramble on all sides to see to it that the "Government intervenes" at the proper moment. Whether there is official "intervention" is conjecture, but the announcement is always the same—that "high authorities frowned upon the contemplated struggle to death and forbade it." Pride is always satisfied by such announcement and the incident is forgotten.

BRITISH AND FRENCH

IGNORE LEAGUE FRIENDS

Absent From Meetings in  
Italy to Promote Peace.

MILAN, Italy, Jan. 15 (delayed).—At the close of the sessions here Friday of the League of Nations Societies Conference the delegates addressed a telegram to the British and French League of Nations Societies, which had abstained from being represented at the conference, expressing the regret of the conferees over the absence of representatives of these two nations. The message added that the meeting had attained its object in bringing out expressions of the viewpoints of the various nations represented at the gathering, and that all had manifested their purpose to work together for the definite pacification of Europe.

The Milan conference of the League of Nations Societies was called by the Italian League of Nations Society several months ago, and was attended by Austrian, Bulgarian, German, Hungarian and Italian delegates. The British and French societies declined to attend on the ground that the questions to be discussed had already been covered by the Geneva Assembly of the league.

ITALY'S PLANS IN CASE OF WAR.

ROME, Jan. 16.—Minister of War Bonomi presented to the Council of Ministers yesterday a measure under which the duties of the head of the General Staff would be altered in case of war. One proviso is that the Chief of Staff would not necessarily be the commander in chief of the army, but would be an officer specially chosen for the post.

According to the War Minister's project an army council would be established, comprising four Generals presided over by the Minister of War, with the Chief of Staff attending in an advisory capacity.

GERMANS BUSY IN SPAIN.

MADRID, Jan. 16.—Two important German business institutions have just been established in Spain. One of them is the German Bank of South America, which has branches in many cities in Brazil, Argentina and Mexico and has a capital of 5,000,000 pesetas.

The other is the Spanish Electric Construction Company, with a capital of 20,000,000 pesetas. It will undertake all kinds of electric construction and the electrification of railroads.

FILIPINO MAY BE ACTING

GOVERNOR OF ISLANDS

Harrison's Departure From  
Manila Makes Dilemma.

MANILA, P. I., Jan. 16.—Governor-General Francis Burton Harrison announced to-day that he will leave the Philippines for the United States March 27. He will make the trip via the Suez Canal and London.

There is much speculation here regarding the new Governor-General to be appointed. It is said in official circles that unless the Vice-governor, Charles E. Young, who is now in the United States, returns to the Philippines before the departure of Gov. Harrison it will be necessary for President Harding, prior to March 27, to appoint a resident of the Philippines as Acting Governor. A resident of the continental United States would not have time to reach the islands prior to the departure of Gov. Harrison.

AMERICAN ATTITUDE

ON SOVIETS DEFINED

Relief Encouraged; Passports  
Allowed; No Intervention.

Commenting yesterday upon the letter of Norman H. Davis, acting Secretary of State, to Alton B. Parker, president of the National Civic Federation, in reply to a pre-election questionnaire of the League of Free Nations Association to Presidential candidates in which the policy of the United States toward Soviet Russia was attacked, the association undertook to interpret the Davis letter as defining a new Russian policy by this country. The association's effort to put the acting secretary on record was embodied in a letter to Mr. Davis, containing the following statement:

"We observe from your correspondence that the United States Government at this time takes the following definite position:

"1. Relief for Soviet Russia not only will not be hindered, but will be encouraged so far as possible.

"2. Cooperation by granting passports to the Soviet borders will be extended to travellers to and from Soviet Russia.

"3. The United States is not committed and it does not propose to be committed to further schemes of Russian intervention.

"4. The United States will treat the Soviet government and Russian citizens in substantially the same manner in which the unrecognized government of Mexico and Mexican citizens are treated."

The League of Free Nations letter declares that many of the statements made in the questionnaire of last fall, which Mr. Davis branded last week as false, were true at the time they were made, and goes into lengthy debate upon other points largely technical.

## LOWDEN AND HAYS AT MARION TO-DAY

Harding Arranges Last Few  
Conferences Before His  
Departure Thursday.

DICKEY ALSO TO CALL

Talk of Kansas City Man for  
Commerce or Interior Post  
Is Revived.

Special Despatch to THE NEW YORK HERALD.

Marion, Ohio, Jan. 16.—Except to confer briefly over inaugural arrangements with Jesse W. Smith, secretary of the civic committee in charge of arrangements, and to receive a testimonial brought on behalf of the citizens of Huntington, Ind., President-elect Harding rested to-day in preparation for another day of conferences to-morrow.

Whether Mr. Harding will announce any of his cabinet selections before he goes South for a vacation the latter part of this week is problematical. He is exceedingly anxious to have the work advanced as far as possible before he departs, and has a strenuous program ahead for to-morrow, which includes conferences with ex-Gov. Frank O. Lowden of Illinois, Will H. Hays and Walter S. Dickey of Kansas City, former chairman of the Missouri State Committee.

Mr. Lowden has been mentioned ever since the election as a possible selection for Secretary of the Treasury. He has also been mentioned for Secretary of Commerce, although the Treasury post or a diplomatic place is believed to be more acceptable to him. On the other hand, there are reasons also for assuming that Mr. Lowden's visit is to urge the appointment of Charles G. Dawes of Chicago to the Treasury Department. The appointment of Mr. Dawes would not be regarded with any excess of enthusiasm by the William Hale Thompson faction in Chicago, and for this reason would be particularly satisfactory to Mr. Lowden.

Senator Harding's appointment with Mr. Dickey revives the talk that the Kansas City man will be among the ultimate cabinet choices, either as Secretary of the Interior or of Commerce. Mr. Dickey is a manufacturer of clay products, a successful business man and considered highly qualified to administer either of the departments. He is Senator Harding's type of man and would eminently fit. Announcement of his appointment said that he came "to talk over important matters" with the President-elect.

Mr. Harding is assiduously pursuing his course of getting the best advice available on every important post he has to fill. His mind is pretty well made up
